If changes are made prior to the start of the event, as much notice as possible will be given to all affected competitors. The schedule as published is for planning purposes only. Start times indicated in schedule are when cars are scheduled to be released from grid onto the track. Actual session start times may deviate from the published schedule based on event circumstances. GENERAL RULES:

All cars will exit the hot pits only at pit out. Those going to impound proceed to the second paddock road, turn right and head north to impound. Drivers going to winners circle follow the directions of the pit / paddock marshals.

Drivers may be held responsible for harm to property, including damage to the track and to the environment. Fees charged for the removal / disposal of hazardous waste or used tires will be assessed to the responsible driver.

The fastest qualifier in a race group who selects the "outside pole" (per GCR), must notify the Grid Marshal at the front of the field **before** the 5 minute signal is given for his race group.

Four crew members (plus the driver) are allowed over the wall to service a vehicle in pit lane, and only two (2) crew members are allowed over the wall for signaling purposes. No crew members are allowed at the pit wall during starts and restarts.

Proper credentials, closed toe shoes, and shirts with sleeves are required in pit lane, false grid, and on the grid.

Cars entering the track from the pits must remain to the right of the blend line until the end of that line at turn one.

All competitors must maintain a slow, prudent speed on pit lane at all times. Use the transit lane until reaching and upon exiting your pit stall. Do not drive through other pit stalls. Tire scrubbing is permitted after the apex of corner one.

Only pit stalls south of start/finish are open for competitor / team use.

Please do not put any equipment in pit lane, including at the pit wall, +/- 10 feet of start / finish, as this may interfere with timing and scoring electronics.

If the Chief Steward allows the substitution of a car or driver, per GCR 5.12.3.A.6, any qualifying times earned for the original car / driver up to that point will be removed.

A competitor involved in contact, or who has violated flag rules (yellow, black, red, or checker) must report directly to impound in the racecar, and report to the Steward.

All body contact, including contact during drafting, which causes a car to act erratically and result in a change of position or a car leaving the course, will be investigated.

Road America has installed lights at several corner stations. Full details as to location and usage will be available at registration and distributed in advance of the event.

There may be an electronic number board drivers left at corner 14 which will supplement the number board shown at the black flag station, drivers right at corner 14.

Double yellow flags will not be displayed at corner 15 on starts and restarts.

During Practice / Warm-Up Sessions, competitors will receive the checkered flag at Corner 14 and pit immediately.

Under a Checkered Flag or Black Flag ALL, if an EXIT sign is displayed at turn five, all cars must exit the course and follow the direction of officials at the paddock crossover.

To facilitate timely movement of the next race group onto the track, cars entering the pits following the checkered flag may be stopped before center pit to allow the next group to exit the grid.

All crew members signing under a prep shop list must be an SCCA member. Weekend memberships are available for purchase if needed.
