Waitlist Policy

When the event fills up and there is a waitlist, members will be let in as cancellations are received. Waitlisted members let in will receive a notification e-mail stating they are being moved to the entry list. The member MUST then login to their MSR account and pay for the event. Sometimes the cap is increased based on pertinent information. After online registration closes, no new entries will be moved from the waitlist. It is *possible* to get in via on-site registration if there are any last-minute cancellations after online registration has closed. However, we cannot guarantee entry on-site.
