Course Designer	Mike Brausen	Timing Manager	Jodi Fordahl
Chief of Course	Mack Tsang	Equipment Managers	Clancy Schmidt
Chief of Course	Alex Kang		Dave Williams
Chief of Waivers	Nebraska Region		Bob Bailey

Download the 2018 SCCA® National Solo® Rules from here.

1. For event push notifications search for "SCCA Solo" and download the National Solo app to your Android or Apple mobile device. Works on Android 4.0 or newer and Apple IOs 8.0 or newer.
2. Participants in the 2018 SCCA® National ProSolo® events are required to run the title sponsor Tire Rack® windshield banner decal at the top of the windshield. Vehicles without windshields or with plastic windshields may place the decal on the front of the car in a highly visible location approved by the Chief of Compliance. Other sponsor decals/graphics besides the Tire Rack® banner, Tech sticker(s), etc. are prohibited on the windshield.
3. Additional required event decals are SCCA® w/wheel (on the front bumper area) and 2 ProSolo® decals (one on each side).
4. Trophies will be awarded on Sunday after the conclusion of regular class competition and will NOT be mailed.
5. If any Open Class does not have the minimum of five (5) drivers entered and checked in by the close of registration on the evening before class competition begins, they will be bumped into the Bump Index Class for Super Challenge eligibility. If five (5) entered and checked in drivers do not make a start in class competition, the class will be moved into the Bump Index Class at the earliest administratively feasible point in the competition, which may be after Heat 1 runs.
6. Competitors at the scanner and/or start line with the wrong number on their car, 2 sets of numbers, the incorrect class showing, or wrong bar code on helmet will receive a warning for the first offense, a cone penalty for the second offense and may receive a DSQ for three or more offenses at the same event. The scanner worker will also check for the helmet tech sticker (Rally/Solo 2018). If the helmet does NOT have the proper sticker, you will be directed to exit the stage lane. Go directly to the Tech/Impound area to get the helmet inspected and tech sticker attached.
7. No tire warm-ups are allowed anywhere on the site, except in the designated start area (green cones).
8. Drivers must always operate their vehicle(s) in a safe manner, including exiting the course. Driving in an "aggressive" manner deemed unsafe and observed by an Event Official will be handled with severity by the Chief Steward. Such actions are NOT protestable. See
9. Program specific supplemental regulations are posted at the Lincoln Drivers Center. Please notice the sections regarding class fillers, grid/stage/start procedures, reruns, "time-out delays," minimum weights, T&S procedures, etc.
10. Check final results to make sure the manufacturer is correct for your car and tire brand.
11. **Sound Measurement Procedures at SCCA National ProSolo Events**
Rationale: Members are asked to realize that sound level measurements are designed to help us be good neighbors to those that work or live near our events. It is not intended as a "gotcha!" to catch drivers unaware. All competitors should come to the event in good faith with appropriate equipment keeping sound levels below the limit. Intentionally pushing the "envelope" of sound levels is in poor taste and puts our sites at risk.
 Exceptions to Appendix I of the Solo Rules, 2nd and 3rd paragraphs:
 If a vehicle exceeds 97 dBA on any run during a heat, the Sound Steward or his/her designated representative will notify that driver of any measurement over 97 dBA in Impound after his/her runs are completed for that heat. (2-driver cars are considered as 2 individual cars.) If a vehicle exceeds 100 dBA on any run during a heat, that driver will be allowed an attempt to reduce the sound level of the vehicle before his/her next heat. (A "time-out" per ProSolo Rules section 20.10.H.15 may be used.) If a viable remedy has been attempted in the judgment of the Sound Steward or representative, the driver will be allowed to run in his/her next heat. If the driver declines any "repair action" or the "repair" is deemed inadequate by the Sound Steward or representative, the driver will forfeit all subsequent runs in that vehicle (unless an adequate "repair action" is completed before the next heat). If the vehicle exceeds 100 dBA again during a run in any subsequent heat, that heat will be scored DSQ (disqualified) for all runs. If a sound violation incurs a DSQ for a heat, any rerun(s) taken will also be DSQ and the sound-based DSQ will stand. The number of reruns taken will be subtracted from the next remaining heat.
12. Once Day 1 competition begins, all class changes must be approved by the Chief Steward or their designee

Site Regulations: See 2018 Solo Nationals Supplemental Rules for detailed restrictions.
